*Striving for  
Academic Excellence*

# Hall High School Education Foundation

## Our Mission

The mission of the Hall High School Education Foundation is to support, enhance, and enrich educational opportunities at Hall High School by supporting education initiatives for which other funding is not readily available.

## History and Philosophy

The Hall

High School Education Foundation was founded in 1991 by community members committed to enhancing the academic experiences of Hall High School students. The philosophy of the foundation is to offer a vehicle for Hall area citizens, alumni, and others to become involved in supporting education without supplanting the traditional roles of teachers, administrators and school board members.

The Foundation serves to receive and administer donations, grants and bequests of money or property and in return provide funding for innovative educational programs, projects, or activities which cannot be adequately funded through existing sources.

Funding proposals will be consistent with the mission, purpose and philosophy of the Foundation

## Membership

Individuals, businesses, and organizations are invited to become members of the Education Foundation. Individual/family members can join by contributing at least \$10 per year. The Foundation has established additional levels of recognition for those who wish to contribute a larger amount. All contributions are tax deductible in accordance with current Internal Revenue codes and will be used for educational purposes. Contributions may include:

- Immediate gifts of cash, stocks, bonds or real estate.
- Planned gifts of securities, trusts, insurance, bequests or real estate.
- Memorials to honor family members, friends or associates.
